

## Assignment 3 Report

Name: Naomi Joy Sibal

UTORID: sibalnao

Student no.: 1003939786

### Design Pattern:

- **Iterator Design**

- can be found in UserUserMatrix class
- allows easy printing of the UserUser matrix
- allows iterate through each row of the matrix and return the string representation of the row

- **Generics:**

- used Generics in the nested class inside the UserUserMatrix class
- the type returned for the Iterator method next()
- the type for elements in the ArrayList
